John Summerby
Installation Engineer
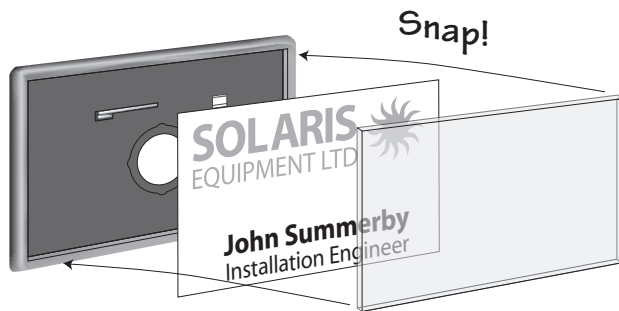

Before assembling the Badge, ensure you attach the appropriate fitting first.
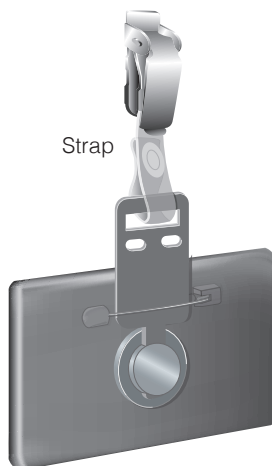

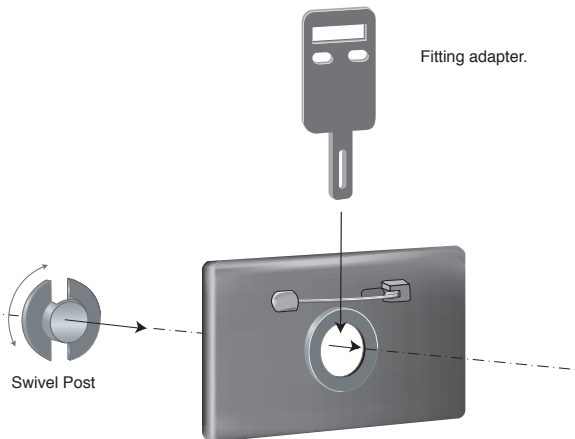

Fitting adapter.

Swivel Post

Attaching a Strap or Necklet:

Push the swivel post through the hole from the front of the badge until seated.

Rotate the swivel post so that slot in the side faces across the top of the badge.

Slide the fitting adapter through the slot from the reverse of the badge.

π   Attach either the strap, necklet chain or necklet cord as required.
